

Aajad Yadav

React Native Developer

Varanasi, Uttar Pradesh, India

aajadyadav038@gmail.com — +91 9565674990 — Portfolio — GitHub

Professional Summary

React Native Developer with hands-on experience building high-performance cross-platform mobile applications. Skilled in UI optimization, state management, and API integration, with a focus on scalable architecture and smooth user experience.

Technical Skills

Languages: JavaScript, TypeScript, C, C++

Frontend: React Native, Expo, Tamagui, Reanimated, Lucide Icons

Backend: Node.js, Express.js, REST APIs, Axios

Database: PostgreSQL, MongoDB, Supabase, Firestore

State Management: Redux Toolkit, React Query (TanStack Query)

Authentication: JWT, OTP Authentication (MSG91), Supabase Auth

Storage: AsyncStorage, Expo Secure Store

Tools: Git, GitHub, Docker, Postman, VS Code, EAS

Core Concepts: API Integration, Cross-Platform Development, UI Optimization, Performance Tuning, Offline-First Architecture, Modular Architecture, Error Handling

Experience

React Native Developer, EPL Star Pvt. Ltd.

Jul 2025 – Oct 2025

- Developed cross-platform mobile applications using React Native and Tamagui with focus on performance and UI responsiveness
- Built reusable UI components and optimized layouts for consistent user experience across devices
- Integrated RESTful APIs and handled asynchronous data using React Query
- Improved application performance by reducing unnecessary re-renders and optimizing state updates
- Assisted in debugging, testing, and deployment workflows for mobile applications

Projects

EchoNotes – AI Voice Note Application

AI-powered productivity app for converting voice input into structured notes

- Developed a production-grade mobile application using React Native (Expo) and TypeScript
- Implemented high-quality audio recording and playback functionality
- Integrated Gemini AI to generate transcripts, summaries, and action items
- Designed modular architecture using Expo Router, Redux Toolkit, and React Query
- Implemented offline-first functionality with local storage and background synchronization
- Built secure authentication system using Expo Secure Store for session persistence
- Optimized UI performance with efficient state handling and component rendering

AudioBee – Audiobook Streaming Application

Cross-platform audiobook app with streaming, authentication, and payment integration

- Built mobile app using React Native and Expo with high-performance UI using Tamagui
- Implemented advanced audio playback using react-native-track-player with background support
- Designed intuitive UI for browsing, searching, and managing audiobook library
- Integrated authentication using Supabase and OTP-based login via MSG91
- Implemented API integration for fetching books, recommendations, and user data
- Managed server state using React Query and optimized caching strategies

Lensly – Image Explorer Application

Mobile application for image discovery with search, filtering, and wishlist

- Developed cross-platform app using React Native and Expo
- Integrated Pixabay API for real-time image search and content discovery
- Implemented Redux Toolkit for global state management and efficient data flow

- Built wishlist feature with persistent storage and optimized UI updates
- Designed responsive layouts for smooth browsing experience

Pantry Pal – Smart Pantry Management Application

Mobile app for managing groceries and reducing food waste

- Developed UI for tracking inventory and managing grocery items
- Implemented real-time updates and expiry alert notifications
- Designed intuitive interface for managing pantry data
- Integrated AI-based recipe suggestions based on available ingredients

Docker Management Application

Mobile interface for monitoring and controlling Docker containers

- Built mobile UI using React Native for container monitoring
- Integrated backend APIs for real-time container data
- Designed UI for container lifecycle operations and status tracking
- Ensured responsive and smooth user interaction for system monitoring

Education

Bachelor of Computer Applications (BCA)

Mahatma Gandhi Kashi Vidyapith

2022–2025
